PREA Definitions Transgender

Definitions Related to Transgender, Non-Binary and Intersex Incarcerated People

Cisgender – A person whose gender identity aligns with their sex assigned at birth.

Gender expression – External manifestations of gender. Expressed through names, pronouns, clothing, behavior, voice, etc.

Gender identity – Distinct from sexual orientation and refers to a person's internal, deeply held sense of being male or female; a person's sense of identification as male, female, neither, or both.

Gender nonconforming – Gender characteristics and/or behaviors that do not conform to those stereotypically associated with a person's sex assigned at birth.

Gender pronoun – Third person singular personal pronoun such as "he", "she" or "they."

Honorific – A form of respectful address typically combined with an individual's last name, such as "Mr." or "Ms."

Intersex – An umbrella term used to describe natural bodily variations. Can include external genitalia, internal sex organs, chromosomes, or hormonal differences that transcend typical ideas of male and female.

Need-to-know basis – When the information is relevant and necessary in the ordinary performance of that employee's or contractor's official duties.

Non-Binary – This is an umbrella term for people with gender identities that fall somewhere outside of the traditional conceptions of, strictly, either female or male. May or may not identify as transgender, may have been born intersex, use gender-neutral pronouns (e.g. they, them theirs), or may use terms such as agender, genderqueer, gender fluid, Two Spirit, bi-gender, pangender, gender non-conforming, or gender variant. Non-binary gender identities have been recognized by cultures throughout history and around the world, as well as by legal systems in the U.S. and other countries, medical authorities, and researchers. Studies show that non-binary people face frequent discrimination, harassment, and violence in areas of life including education, employment, health care, and the criminal justice system.

Transgender – A person whose gender identity differs from their assigned sex at birth.

Transgender man – A person whose assigned sex at birth was female but who understands oneself to be male.

Transgender woman – A person whose assigned sex at birth was male but who understands oneself to be female.
